## Monthly Insight

By Kimberly Hastings February 1, 2023

The month of February was named after the Roman Festival of purification, “Februa,” a month long event of purification where Romans would make offerings and sacrifices to the Gods to cleanse the city. Today, we perform a similar ritual during the Pagan holiday of Imbolc. This year, Imbolc occurs on February 1st and is a festival of purification, light and new beginnings. This celebration pays tribute to the goddess, Brigid, the goddess of spring, fertility and life and the return of light after the darkness of winter, marking the halfway point between the winter solstice and spring equinox. Many celebrate Imbolc by lighting candles and renewing their altars, or by clearing up both their physical and mental space, as honoring her brings us a creative fire and renews our passion.

We have many other holidays observed this month, the most popular being Valentine’s Day on February 14th. We’ve all seen the decorations and candies out in stores since December, but do you know how this holiday began? In 496 A.D., Pope Gelasius set aside the 14th to honor St. Valentine, a priest that defied his Emperor by conducting outlawed wedding ceremonies. Valentine’s day is more commonly known as a time to express our feelings towards a special someone by exchanging cards, flowers, chocolates, gifts and going out to eat. In other countries, this is a day to express love for family and friends, as opposed to romantic partner.

Aquarius rules over us until February 18th, encouraging focus on relationships and connections with others, before Pisces takes over on February 19th, bringing a more introspective energy and a desire to reconnect with your spiritual side. February’s birthstone is Amethyst, a wonderful healing stone that brings peace and emotional stability to your relationships. The birth flowers are the violet and the primrose. In the Victorian era, both flowers were a declaration of love. Additionally, both flowers are some of the first plants to bloom in springtime. Violets symbolize faithfulness and everlasting love, while the Primrose are a gateway to the fairy realm and protects from evil spirits.

## Motivation

Due to my busy schedule at work and home, I needed to find a way to manage my time efficiently. Honestly, I felt I had so many things to do I didn't know where to begin. However, instead of figuring it out, I sat watching Netflix and wasn't motivated to do anything.

Many of us feel this way when we are overwhelmed and burned out. Perhaps you are overworked and never take time for yourself or are stressed because you are avoiding something. Today, most people escape their stress by watching movies, playing video games, or even watching TikTok. Due to this, they wake up tired because their minds are racing before bedtime.

Here are some things I started to do to get me more motivated:

First, treat yourself well. Taking care of your mental health once a week or for a couple of hours a day can be helpful. Try taking a nap, going for a walk, taking a yoga class, getting a massage, or meditate on our crystal bed.

If you are stressing over something weighing on your mind, don't hold it in. Try talking to someone reliable and reasonable. You can also let your emotions out naturally by crying, and there are times when crying is the best medicine. Alternatively, you could schedule a reading with me.

Do a little at a time by taking baby steps. Keep a daily list, but be reasonable. In one day, you won't be able to accomplish 20 things. Aim for two or three tasks a day.

### Motivational quotes.

Education allows you to change the world.  
Be brave, Brilliant, and the best.  
You have a voice and don't need to be silent.  
Your attitude makes a big difference.  
You only fail when you don't try.

### Crystals that help with motivation:

Lapis Lazuli promotes inner truth and consistency.  
Calcite eliminates heavy pressure and finds lightness in life.

# Numerology

By Kim Hastings February 1, 2023

February, as the second month of the year brings us the energy of cooperation and partnership. (Very fitting, as we celebrate couples this month on Valentine's Day.) Here, the Universe is reminding us that even though we are in a 7 year, and our instinct is to solely rely on ourselves, we may need to embrace the help of others in making decisions. People are put in our lives at certain times for specific reasons. Listen to what they have to say and act accordingly.

February 2023 is a 9 Universal Month, bringing the energy of completion and release. The focus this month is to clear up any loose ends or projects to ensure a clear space for new beginnings. With the additional energy of the 7 Universal Year, we are even more inclined to look within and recognize what is not aiding our overall growth. The 9 gives us the power to release what no longer serves us without loosing back or feeling regret.

Hold off on any new ventures until you have completed your current tasks. This will allow you to start your next nine-month cycle with a clean slate. This is not the time to take on new projects and responsibilities.

# Spiritual Uplifts Magical Moon

By Kim Hastings February 1, 2023

February's full moon is called the "Snow Moon," named by the Dakota tribe, reflecting the time of year we experience the heaviest snowfall in North America. As a result of the heavy snowfall, many tribes also called this moon the "Hunger Moon," as it was difficult to hunt in the harsh weather. Other names for the February moon revolve around animals. The Cree tribe called it the "Eagle Moon," and the Ojibwe designated it the "Bear Moon," as this is the time of year that new bear cubs are born.

Full Moon: February 5<sup>th</sup> 1:30 PM EST

Last Quarter: February 13<sup>th</sup> 11:03 AM EST

New Moon: February 20<sup>th</sup> 2:09 AM EST

First Quarter: February 27<sup>th</sup> 3:06 AM EST

## **Full Moon Ritual for Love**

This ritual will help to strengthen existing love, attract a soul mate or manifest new or self-love.

### **You will need the following:**

2 white candles; White Sage & Red Rose bundles; Spiritual Uplifts Enchanted Love Candle;

Golden Healer Heart shaped crystal or any heart shaped crystal; Wei Coconut Salt or Deep Rich Chocolate.

First, cleanse your space using the white sage and red rose bundle. White sage removes any negative energies, while the red rose invites good fortune and love. Next, set up your altar by placing the white candles at the top of your altar, one on the left and the other on the right, with your Spiritual Uplifts love candle in the middle. This candle created by Lynn. Place your heart crystal furthest to the left end of the altar. Golden Healer is a powerful crystal of self-love and confidence, with the heart shape helping to attract love and heal emotional wounds.

Lastly, place your chocolate of choice on the right-hand side of the altar. Wei Coconut salt is infused with flower essences for loving and accretion yourself, as well as increasing your magnetism. Wei Deep Rich is infused with flower essences to soften and open the heart, dissolving self self-judgment and allowing you to be vulnerable. Light your white candles to call in your protection, then light your Love candle.

If you are with someone, take a piece of your chocolate and carve a heart in the back. Cut the chocolate in half and give one piece to your partner. Together, eat the chocolate and reflect on strengthening your relationship. If you are seeking a soul mate, carve a heart on the back of your chocolate. Before you take a bite, think of all of the qualities you want in your soul mate. For self love, take your chocolate and carve "I love you" into the back. Focus on all of your good qualities, banishing any negative self-talk. When ready, indulge in your chocolate, savoring what it represents to you. Allow your Love candle to burn for 7 days to seal your ritual.

Of course we have natural healing within us. However sometimes it's more difficult to heal yourself because it takes a long time to see your lessons. A coach can provide a safe environment where you can see yourself more clearly. Lynn not only coaches, she is also a psychic medium so she can see a little more by adding a soul reading. What you can't see she usually can. She will guide you on building structure, accountability, and give you the support to help you stay committed. The sessions are designed to identify root causes of emotional barriers around your heart. She uses assistance from the divine to release blockages and cords that may be holding you back.

Depending on your needs:

Soul reading/clairvoyant, affirmations, tapping, healings, chakra balancing, cords cutting and removal of blockages, soul retrieval, 1 hour crystal bed

6 sessions for \$400.00

(This requires total commitment and must be scheduled ahead for once a week. )

## Reading by Lynn

I've been reading tarot cards professionally for more than 30 years. I work through the cards using clairvoyance, mediumship, and soul reading. I am also a Reiki Master, Coach, and Minister. I have been studying Metaphysics since 1990.

For most of my life, I lived in Rhode Island, which is 45 minutes from Salem, Massachusetts. I made many trips back and forth to Salem to discover its true histories and the wonderful growth of spiritualism.

Most of my work was taught through the White Light Book Store in Cranston, Rhode Island. As I learned more about my spiritual gifts, I discovered they started to form when I was a child. I believe everyone is psychic, some more sensitive than others.

Once I finished my bachelor's degree in business, I decided it was time to have a business of my own. That's when I opened Spiritual Uplifts Metaphysical Store.

My contact with spirit has helped clients through the healing process associated with the loss of deceased loved ones, divorce, new ventures and finding oneself. I am dedicated to helping others identify and eliminate obstacles standing in their way in all aspects of life, including personal growth and relationships.
